

An Adventure Guide is someone who brings the fun and excitement to an A Kid Again experience! Whether they're helping at an Adventure, running reports and stuffing envelopes in the office, helping our families get acquainted with an amusement park or serving at a fundraiser, Adventure Guides are ready to jump in and help at any moment.

Our volunteers will now be called Adventure Guides. This unique name supports the mission of A Kid Again and embodies the spirit of the important role you have when you serve as a volunteer.

## FAQS

### **Why are we changing the name of our volunteers?**

Our mission is to bring hope, happiness and healing to kids with life-threatening conditions and their families through Adventures. Referring to our volunteers as Adventure Guides will enhance the experience for those helping support our Adventures AND better describes how each volunteer plays a huge role in making Adventures great.

This change will also set us apart from other organizations that service families like ours. And it's fun to say!

### **How will Adventure Guides be identified at an event?**

Adventure Guides will adorn lanyards, vests, t-shirts or some combination thereof. This will help you stand out and Fuel the Adventure for our families.

### **How do I receive an Adventure Guide shirt?**

After an Adventure Guide has volunteered at five opportunities they will receive an Adventure Guide shirt in the mail.

Shirts can also be purchased for a nominal fee.

### **Are those who support efforts at the office or on a committee called Adventure Guides too?**

Yes! Everything that we work on at A Kid Again supports our effort to provide Adventures, so no matter how you volunteer your time, you'll be an Adventure Guide.

### **How can I help get the word out about Adventure Guides?**

A Kid Again is always looking for more members of the community to help guide our Adventures. If you know of someone wanting to help provide smiles to our families, have them visit the Adventure Guide section of [www.akidagain.org](http://www.akidagain.org) to learn more and get involved.
